Re: Senate SB 449

To Whom It may Concern:

This is Jeffrey Howard, Deaf, who works with the higher education level at the college. I am writing about this SB 449. The bill is about the Deaf, Hard-of-Hearing and Deaf-Blind Services in Oregon.

The reason I write this personally is because many non-students are coming to see me for assistance.

We do not have this kind of service here in Oregon, comparing with other states that provide them who needs the services.

I urge you to support the great needs of the services here in Oregon!

Thank you.
